Dear Jesse and Courtney and J5,

The Cascade Medical Foundation would like to invite you to be sponsor for the 19<sup>th</sup> Annual Cascade Golf Classic. This charitable golf tournament will be held on Monday, June 20, 2022, at the Kahler Glen Golf Course near Lake Wenatchee. The purpose of this event is to raise funding so that Cascade Medical, a rural, critical access hospital, can purchase equipment that will improve the care of cardiac patients and victims of accidents on backcountry trails.

We're raising \$94,000 to fund a Stryker Lifepak 15 monitor/defibrillator for the ambulances, five Spacelabs Evo Holter wearable monitors, three Specialized electric mountain bikes and expanded and improved community AEDs.

The **Lifepak 15 monitor/defibrillator** is a sturdy portable unit that monitors oxygen, carbon monoxide, methemoglobin and temperature and can be used for defibrillation. Being Wi-Fi connected, all patient data can be transmitted to the provider handling care after transport.

**Holter monitors** follow and record the heart's electrical activity while a patient is home going through daily routines. These monitors provide invaluable data, and a patient does not need to stay in the clinic or travel to Wenatchee for this care. Given our area's growing senior population, these types of cardiac care are important additions to Cascade Medical's provided services.

Locals and tourists alike explore the Upper Wenatchee Valley's growing trail system. When an accident occurs, EMS personnel will reach the victim for assessment and care much quicker via **electric mountain bike** than on foot. EMS can also use these e-bikes to navigate festival crowds.

Finally, **Automatic External Defibrillators** (AEDs) save lives of victims of sudden cardiac arrest when they are accessible. The greater Leavenworth area has AEDs provided by Cascade Medical

that are nearing end of useful life. The 20 new AEDs will have upgrades: continued compression during echocardiogram rhythm analysis, dual language capacity in English and Spanish, WiFi connectivity (which allows EMS to know shocks given and patient ECG before arriving on scene), and maintenance alerts. The AEDs will be placed downtown and in outlying activity hubs near Peshastin, Dryden, Plain, and Lake Wenatchee. This project also includes hosting short, free trainings on CPR and AED use and a public awareness campaign of AED locations.

### **Why should you consider being a sponsor?**

- The Cascade Golf Classic has become the Leavenworth area's biggest charity golf tournament of the year. This means good visibility for your business and an opportunity for you to show your support of local healthcare.
- Your support will allow Cascade Medical to better serve its patients!

Thank you for your consideration in becoming a sponsor this year.

Along with this letter, I am including all the possible sponsorship opportunities. Please look them over I hope you find one that works for you.

Sincerely,

Marlene Farrell
